

1200W container power generation

Overview

How much power does a captain 1200 generate?

power usage anywhere any time. The redesigned parallel function lets you connect two Captain 1200 portable solar generators to double your power and capacity. This provides you with a maximum output power of 2400W and a battery capacity of 2560Wh. Ideal for flexible home use and off-grid living.

What is aferiy p110-d 1200W portable power station?

The AFERIY P110-D 1200w portable power station is a rechargeable backup battery, it can be charged simply via solar panels, providing green and renewable energy. Being an environmentally friendly power solution, it is equipped with an eco-mode that can reduce unnecessary power consumption, save energy and empower you to live a sustainable life.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.
