

215 Energy Storage Cabinet Solution

Overview

Does hisbatt 215-a come with a power inverter?

HISbatt 215-A comes with an integrated cooling system (HVAC), a fire suppression system, and a power inverter installed with the safest LFP battery cells. Besides this, our cabinet housing is crafted meticulously to withstand outdoor environmental conditions.

How does hisbatt-215a integrate with my existing infrastructure?

HISbatt-215A integrates seamlessly with your existing infrastructure due to our intelligent and flexible HISEnergy Management System (EMS). At HIS-Energy our aim is to deliver our clients with fully integrated turnkey battery storage solutions.

Are the battery cabinets modular?

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.

Is hisbatt 215-a forklift-ready?

All our battery solutions are forklift-ready and can be easily installed at the site. HISbatt 215-A arrives on-site fully equipped with all necessary components, embodying the essence of convenience with our plug-and-play feature.
