

50kw380v grid-connected inverter price

Overview

What is a high power 50kW grid tie solar inverter?

High power 50kW grid tie solar inverter converts 200-820V DC to 3 phase 380 volt, 460 volt and feed the power into the grid, high reliability due to perfect protection function, powerful communication interfaces, easy operation and installation.

How many kilowatts is a grid tie inverter?

With a power capacity of 50 kilowatts, this three phase grid connected inverter is typically used for medium to large-scale solar installations, such as in commercial buildings, industrial facilities, or large residential complexes. LCD display, convenient for the user to monitor main parameters of grid tie inverter.

What is the cooling method of 50 kW on grid inverter?

The cooling method of 50 kw on grid inverter is cooling fan. And strong IP65 protection, completed sealed cover of 3 phase grid connected inverter suitable for harsh environment.

What is BSM 50-80kw photovoltaic grid connected inverter?

BSM 50-80KW three-phase photovoltaic grid connected inverter is a photovoltaic group series inverter developed by Bluesun for commercial users and distributed ground power stations. It has high power density, modular design, simple installation and maintenance, high cost performance, and high cost performance.

Why do I need a grid tie inverter?

Your premises will consume most or all their electricity requirements from the solar system, and you installed this grid tie inverter, sometimes your grid tied solar system will produce an excess power which your loads may not need, so it pushed back to electric utility.

What are the advantages of on grid inverter?

Strong IP65 protection, completed sealed cover suitable for harsh environment. On grid inverter adopts with no isolation transformer H6 full-bridge configuration, highest efficiency reach 97%. Multiple inverters can be operated in parallel and support various communication modes.

50kw380v grid-connected inverter price

[HPI-50K-G03 , 50KW , Three Phase , 4 MPPT , SOLAR DEPOT](#)

This series grid-tie inverter is preferred choice for commercial PV system. With the free-standing design, it greatly reduces installation time and costs. With a Max. 4 MPPTs design and Max. ...

[50kW Three-phase 380V Hybrid Grid-connected Energy Storage Inverter](#)

We have comprehensive product range: solar panel, inverter, controller, battery, on grid and off grid solar system, hybrid solar system and solar pump system. We aim to manufacture and ...

[Sunroko Industrial Grid Connected Solar Inverter 50kw 60kw ...](#)

Sunroko Industrial Grid Connected Solar Inverter 50kw 60kw 80kw Three Phase Inverter 380V in Stock, Find Details and Price about Solar Inverter on Grid Solar Inverter from Sunroko ...

[Inverter Sungrow 50kW hòa l??i SG50CX hi?u su?t cao](#)

Inverter Sungrow 50kW hòa l??i SG50CX mang l??i hi?u su?t cao, ?? b?n v??t tr?i, t?i ?u hóa n?ng l??ng cho h? th?ng ?i?n m?t tr?i s?ch và ?n ??nh.

[10KW DC 1000V AC 380V 3 Phase 2 MPPT Grid tie Hybrid Inverter...](#)

Our exceptional High Voltage Three Phase inverter trifase 10KW Hybrid Inverter is the perfect solution for your power management needs. Experience the convenience of a big LED display, ...

[50kW Three-phase 380V Hybrid Grid-connected Energy Storage ...](#)

We have comprehensive product range: solar panel, inverter, controller, battery, on grid and off grid solar system, hybrid solar system and solar pump system. We aim to manufacture and ...
