

Australia 75kw high quality inverter quotation

Overview

Where can I buy solar inverters in Australia?

At Sparky Direct, we provide high-quality solar inverters at competitive prices. Shop with confidence at Australia's leading online electrical wholesaler, supported by exceptional customer service and fast delivery. Switch to solar power confidently and move towards a sustainable future with our reliable solar inverters.

How many GoodWe inverters are there in Australia?

GoodWe inverters have already been installed in Australia more than 2 million times. They are available in the range from 0.75 kW to 2500 kW and perform extremely well consistently in independent testing.

Are premium inverters worth it?

Premium inverters offer benefits like longer warranties, better support, improved monitoring, and enhanced shade performance—features that can add an extra \$1,000 to \$3,000 to your cost. Ultimately, it's up to you to decide if these advantages are worth the additional investment.

How much does a solar inverter cost?

Solar inverters vary quite a bit in price. Micro inverters can start as low as \$195 apiece. String inverters can vary from \$500 to around \$5,000. Meanwhile, hybrid inverters are anywhere from \$600 to around \$4,000. When choosing a system, you'll often have a budget or premium option.

How much does a hybrid inverter cost?

Meanwhile, hybrid inverters are anywhere from \$600 to around \$4,000. When choosing a system, you'll often have a budget or premium option. Premium inverters offer benefits like longer warranties, better support, improved monitoring, and enhanced shade performance—features that can add an extra \$1,000 to \$3,000 to your cost.
