

Austria 5kw inverter manufacturer

Overview

Who makes Fronius solar inverters?

Fronius launched its first grid-connected solar inverter back in 1995. Since then Fronius has grown to become one of the industry leading solar inverter manufacturers, with 19 of 28 offices worldwide being involved with solar energy. This includes the Australian office located in Tullamarine, Victoria.

How many solar panels can a Fronius inverter support?

The optimal design for many small businesses is to use a 30kW inverter and extend the solar panel capacity to 39.9kW, while the Fronius Eco 27kW can only support 35.9kW of solar panels. In Australia, all CEC-approved Fronius inverters come with a 5-year warranty for parts and labour.

How much does a Fronius inverter cost?

As Fronius inverters are manufactured in Europe this higher quality product comes with a higher price tag in comparison to the inverters that are manufactured in China. The most popular Fronius GEN24 Primo 5kW model retails for about \$2,200 to \$2,400, which excludes installation and any additional required wiring and components.

How much power does a Fronius eco inverter have?

The commercially used inverter comes in 25kW or 27kW power ratings. The Fronius Eco inverter holds an Ingress Protection Rating (IP Rating) of 66, which means it's dust-tight and able to withstand heavy seas or powerful jets of water. Both power categories hold an efficiency rating of over 98%.
