

Austria Energy Storage Battery Project

Overview

NGEN commissioned Austria's largest battery energy storage system (BESS). It installed it in record time – just seven months. Located in Fürstenfeld, in the country's southeast, the facility has 24 MWh in capacity and a maximum output of 12 MW.

Austria Energy Storage Battery Project

[New Addition of 829 MWh, a Nearly 20% Drop! Austria Ranked ...](#)

Last year marked a milestone, with Austria deploying the largest energy storage system ever - but only 21 MWh. For now, the market remains small, with less than 40 MWh of installed ...
