

Austrian industrial energy storage companies

Overview

Find the top Energy Storage suppliers & manufacturers in Austria from a list including Lighthouse Worldwide Solutions (LWS), Syncraft Automation GmbH & Saft SA This means that in future our storage facilities will hold not just natural gas but also renewable synthetic gas. Does Austria have a market for energy storage technologies?

A study 1 carried out by the University of Applied Sciences Technikum Wien, AEE INTEC, BEST and ENFOS presents the market development of energy storage technologies in Austria for the first time.

Who owns gas storage in Austria?

The entire storage infrastructure in Austria is owned by OMV AG and RAG, as well as by joint ventures between RAG and astora, Gazprom Export LLC and Uniper Gas Storage GmbH. Owing to the geological conditions, most of the storage facilities are pore storages, since depleted natural gas fields are used for gas storage.

How many photovoltaic battery storage systems are there in Austria?

Of these, approx. 94% were built with public funding and 6% without. The total inventory of photovoltaic battery storage systems in Austria therefore rose to 11,908 storage systems with a cumulative usable storage capacity of approx. 121 MWh.

How many tank water storage systems are there in Austria?

A total of 840 tank water storage systems in primary and secondary networks with a total storage volume of 191,150 m³ were surveyed in Austria. The five largest individual tank water storage systems have volumes of 50,000 m³ (Theiss), 34,500 m³ (Linz), 30,000 m³ (Salzburg), 20,000 m³ (Timelkam) and twice 5,500 m³ (Vienna).

How big is Austria's hydraulic storage power plant capacity?

In 2020, Austria had a hystorically grown inventory of hydraulic storage power plants with a gross maximum capacity of 8.8 GW and gross electricity generation of 14.7 TWh. This storage capacity has already played a central role in the past in optimising power plant deployment and grid regulation.

Is green hydrogen a central component of the Austrian energy transition?

Through this cooperation with RAG Austria, ENERGIEALLIANZ Austria is strengthening its commitment to green hydrogen as a central component of the Austrian energy transition. Press release | 01 July 2025
