

Bahrain new photovoltaic panel manufacturer

Overview

Ecoprogetti built the production equipment for the Bahrain-based module producer Solartecc. The manufacturer will produce high-efficiency mono PERC modules, the line has a current capacity of 25 MW but it may be easily expanded to 50 MW. Is Bahrain's first solar panel company the start of a sea change?

This is good news for Solar One, Bahrain's first solar panels company. Since its founding in 2017, the startup boasts of contributing over two megawatts of solar to the country's energy mix — enough to power around 380 US homes. It's a drop in the ocean, but it hopefully marks the beginning of a sea change.

Why is Bahrain launching a solar panel factory?

Mr Rabih Abdullah said that the factory provides solar panels for new projects of the public and private sectors, indicating that the project will produce panels for the Kingdom of Bahrain and the Gulf Cooperation Council countries, especially that the Gulf region is on the verge of using renewable energy.

Does Bahrain have solar irradiation?

Bahrain is a land with a very high solar irradiation which has lately moved the focus on solar photovoltaic energy development, a topic that Solartecc Green Energy did not miss.
