

Bosnia and Herzegovina user-side industrial and commercial energy storage solutions

Overview

The construction of this largest post-war investment in BiH's energy sector has been delayed and is still on hold. It remains unclear when or if the project will be restarted.

Electric power generation is a key sector of economic activity in BiH. Electric power is primarily generated in coal-fired thermal and large-scale hydro power.

BiH's electrical grid has suffered from decades of neglected maintenance and a lack of investment. The European Bank for Reconstruction and Development.
