

British polycrystalline photovoltaic panel manufacturer

Overview

Who are uksol solar panels?

UKSOL is a British family-owned solar panel producer specialising in the design and manufacturing of residential and commercial solar panels. The company has made a name for itself by offering good quality solar PV panels at competitive prices.

Where are solar panels made?

It's true that most solar panels across the world are made in China, but there are plenty of British and European-based companies involved in the process too. Choosing the right solar panel manufacturer, as well as the right sized system, can seem daunting. That's where we want to help.

Where can I get a quote for uksol solar panels?

If you're interested in UKSOL panels, you can receive a quote from one of their approved installers. Aiko Solar is one of the biggest solar panel manufacturers in the world. Based in Shanghai, they specialise in the research and development of photovoltaic products.

Who are REC Solar panels?

REC is a solar panel manufacturer based in Norway but with a presence in the UK market too. Their panels are known for being high quality and with high power outputs. REC manufactures two main types of solar panels - their premium Alpha range and the TwinPeak 5.

Which GB-Sol rated 'Best Buy' for solar panels?

GB-Sol awarded 'Best Buy' for manufacture of solar panels with a score of 80 where most solar panel manufacturers scored less than 40. Take a look at our new guide for PV Slate on Heritage Buildings. In 1995 the UK's first full solar roof was installed in Oxford.

Are uksol solar panels MCs & TÜV certified?

UKSOL solar panels are MCS and TÜV-certified, ensuring compliance with strict quality, safety, and performance standards. These certifications guarantee reliability, efficiency, and regulatory approval, making UKSOL panels a trusted choice for sustainable energy projects.
