

Construction of new energy storage project in Sierra Leone

Overview

Freetown, Sierra Leone | 10 April 2025: The Republic of Sierra Leone today announced the signing of a Memorandum of Understanding with Hecate Global Renewables (HGR), and Africa50 to develop 100 MW of Renewable Energy projects including Battery Energy Storage Systems (“BESS”).

Construction of new energy storage project in Sierra Leone

[New Energy Project in Sierra Leone: A Historic Expansion](#)

The construction of this gas-fired power plant represents a historic turning point for Sierra Leone. By almost doubling the country's energy capacity, this project paves the way for a more stable ...

CNTSUN and TBEA Collaborate to Advance 50MW Solar-Plus-Storage Project

At the beginning of 2025, CNTSUN has successfully secured the 50MW solar project in Sierra Leone, marking another significant breakthrough in the international photovoltaic market.
