

Czech power frequency intelligent inverter manufacturer

Overview

Who makes frequency inverter & soft starter?

ZIRI Electrical produce Frequency inverter and soft starter since 2003. nearly 20 years experience and professional make us to win more and more customer supports. ZIRI Electrical are also automation control solution provider. CHZIRI VFD used for renewable ,mainly use solar energy to pumping water.

Who is Ziri electrical?

Hours All Day After Sale Service Support . Established in 2003, ZIRI Electrical is a specialist manufacturer of electrical drive and automation control solution provider . three core products are frequency inverter ,soft starter and control panel .

What is intelligent power inverter?

Intelligent power inverters are fully protection of overload, short circuit, and reverse polarity, over/under input voltage and over temperature. In case of any failures occur that it will send an output alarm contact to show or control the equipment. The output of the inverter is the pure sinusoidal wave type.

What is a power inverter?

The front panel is designed for simple and efficient operation with LCD display that measures and indicates all important parameters. Intelligent power inverters are fully protection of overload, short circuit, and reverse polarity, over/under input voltage and over temperature.

What is espower power inverter?

The “ESPOWER” power inverter employs high frequency PWM technology with microprocessor-based design that controls all diagnostics and operations to address the critical AC powering requirements of equipment applications.

What is a power inverter IV/P series?

- Power inverter INV/P series are suitable for sensitive powering of telecommunications and data-processing equipment.
- Office or domestic appliances such as a computer, photocopy machine, Lighting Lamp.
- Compact size (2U), designed to use in 19" equipment racks or tower case type for ease of mobility or movement.
