

Democratic Congo Communications Green Base Station Equipment Manufacturer

Overview

Which telco operates in the Democratic Republic of Congo?

In DRC, Orange has more than 15 million subscribers, and more than 3,400 sites. South African-based Vodacom, which is a subsidiary of UK telco Vodafone, operates in several other African markets, including the Democratic Republic of Congo, Egypt, Ethiopia, Kenya, Lesotho, Mozambique, and Tanzania.

How will the DRC telcos support a new solar-powered base station?

According to the telcos, the JV will extend network coverage for up to 19 million people in less densely populated rural areas of the DRC. To support the connectivity plans, the duo have pledged to jointly build up to 2,000 new solar-powered base stations over the next six years, which will provide 2G and 4G connectivity.

How can the DRC bridge the digital divide?

Deploying and operating networks, particularly in deep rural areas, continues to be a significant challenge in the DRC. To bridge the digital divide and expand network coverage in underserved communities, the companies have pledged to jointly construct up to 2,000 new solar-powered base stations over six years, using 2G and 4G technologies.
