

East Timor base station power cabinet equipment

Overview

Which power stations are in East Timor?

The following lists power stations in East Timor . The Hera power station was built to supply to the North coast of the country, while the Betano power station supplies electricity to the South coast and the Inur Sakato thermal power station provides electricity to the Oecusse District.

Which power plants are located in Timor-Leste?

The Hera and Betano power plants are vital electricity sources for Timor-Leste, serving local households, offices, hotels and industries, as well as the country's port and airport. The Hera power plant is situated in northern Timor-Leste, near the country's capital Dili, and it has an output of 119 MW. It started operations in December 2011.

How are Timor-Leste power plants monitored?

The five-year operation and maintenance agreement with the government of the Democratic Republic of Timor-Leste was signed in the second quarter of 2017. The two power plants are monitored by Wärtsilä's Expertise Center in Jakarta in order to evaluate the installations' performance and ensure efficient and optimised operations.
