

# **Huawei Nauru Energy Storage Photovoltaic Industry Project**

## Overview

---

The project, considered the world's largest solar-storage project, will install 3.5GW of solar photovoltaic capacity and a 4.5GWh battery storage system. The project has commenced in November 2024.

## Huawei Nauru Energy Storage Photovoltaic Industry Project

---

### [Huawei Northern Cyprus Energy Storage Photovoltaic Project](#)

The project would combine 72MW of solar PV with a 41MW/82MWh lithium-ion battery energy storage system (BESS), making it the largest to-date of either technology ...

### [China-Nauru cooperation in solar energy, port upgrading benefits ...](#)

Once connected to the grid, the photovoltaic power generation and energy storage project being constructed by a Chinese company can meet the electricity demand of the entire island.
