

Is base station communication easy to do in Tanzania

Overview

Telecommunications in Tanzania include radio, television, fixed and Mobile phones which remain the most widely used communication devices in Tanzania, supported by an expanding mobile network infrastructure and affordable prepaid services. Internet service are available in mainland and the semiautonomous .

A large, light-colored metal cabinet, likely a fireproof safe, is shown in an outdoor setting. The cabinet has a silver handle and ventilation slots at the bottom. It is positioned in front of a large industrial building with a corrugated metal roof and a loading dock. The ground is paved asphalt.

This study investigated and analysed HAPS communication in Tanzania under heavy rain conditions. Rain attenuation for five different locations were predicted using 31-31.3 ...
