

New Zealand rooftop photovoltaic panel manufacturer

Overview

What is solar photovoltaics - Infratec New Zealand?

Solar Photovoltaics - Infratec New Zealand Limited. Leading the renewable energy revolution are solar photovoltaic (PV) plants, which provide clean, safe, and cost-effective energy generation.

Are utility-scale solar farms a good idea for New Zealand?

Utility-scale solar farms represent a great opportunity for New Zealand. They produce clean, reliable energy, offset Co2 emissions and will become an integral part of the power grid. Here is a selection of our most recent solar farm projects. Rooftop solar presents businesses with substantial benefits.

What is the largest hybrid solar system in NZ?

SkySolar are proud to launch the largest hybrid solar system in NZ – spanning 1018 panels and a 290kWh battery bank, installed for A&G Price in Thames. This is our biggest project to date and certainly the most advanced system in the country. *Edits: 1018 x panels, 36 x batteries. “I would like to say how.

What makes a good roof panel?

As well as improving performance efficiency, manufacturers have recognised that consumers want a panel that not only performs well, but also looks good on the roof. Initially most panels had bare aluminium frames and white backing sheets, and were quite a stark feature on a roof space.
