

Solar power battery cabinet model

Overview

What is a pwrcell Battery Cabinet?

No other smart battery offers the power and flexibility of PWRcell. The PWRcell Battery Cabinet allows system owners the flexibility to scale from an economical 9kWh to a mas-sive 18kWh by installing additional battery modules to the PWRcell Battery Cabinet. An existing PWRcell Battery Cabinet can be upgraded with additional modules.

What is a pwrcell solar & battery storage system?

A PWRcell Solar + Battery Storage system has all the power and capacity you need, enough to save money on energy bills and keep the whole home powered when the grid goes down. PWRcell goes above and beyond the competition with up to 10kW of continuous backup power and cohesive load management for further protection.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Can a pwrcell Battery Cabinet be connected to a single inverter?

If more power is needed, we've got you covered; multiple PWRcell battery cabinets can be connected to a single PWRcell inverter for up to 36kWh of storage capacity and 11.5 kW continuous backup power. With the optional PWRview app, easily keep tabs on your energy consumption, monitor your battery usage, and track your savings!.

How many modules are in a pwrcell Battery Cabinet?

Inside of the PWRcell Battery Cabinet, battery modules are stacked two deep

on three levels, allowing for up to six modules to be connected in series. You can upgrade an existing PWRcell Battery Cabinet by adding Battery Modules and a Module Spacer (APKE00008).

Does Generac offer a foot bracket accessory kit for pwrcell Battery Cabinet?

Generac offers a Foot Bracket Accessory Kit (Model #APKE00043) for the PWRcell Battery Cabinet that is available for installations where a foot bracket mount is required. Inside of the PWRcell Battery Cabinet, battery modules are stacked two deep on three levels, allowing for up to six modules to be connected in series.
