

Swaziland solar base station brand

Overview

Edwaleni Solar Power Station, is a 100 megawatts solar power plant under construction in Eswatini. The solar farm is under development by Frazium Energy, a subsidiary of the Frazer Solar Group, an Australian-German conglomerate. The solar component is complemented by a battery energy storage system, expected to be the largest in Africa. The energy off-taker is Es. LocationThe development sits on 45 hectares (110 acres) of real estate, provided by the Eswatini government. The power.

The power station is owned and is being developed by Frazium Energy from Germany. The design calls for the installation of 75,000 solar panels on 45 hectares (110 acres), on a site that measures.

The cost of construction is reported to be US\$115 million (approx. €98.8 million). Commercial commissioning is anticipated in the second half of 2022.
