

Taipei office building energy storage equipment BESS

Overview

Where is a battery energy storage system located in Taiwan?

Image: Fluence. System integrator Fluence has supplied a 60MW/80MWh battery energy storage system (BESS) in Taiwan, which has started commercial operations. State-owned utility Taiwan Power Company (Taipower) deployed the project, and is located at the Taoyuan Longtan ultra-high voltage substation.

What is Taipower's largest Bess project?

Fluence said it is Taipower's largest BESS project to-date, part of the utility's move to have 1,000MWh of energy storage on its network by 2025. A large amount of offshore wind is expected to be deployed in Taiwan in the coming years, and energy storage will play a crucial role in integrating its intermittent generation into the electricity grid.

Who is a partner for a Bess project in Taoyuan Longtan?

State-owned utility Taiwan Power Company (Taipower) deployed the project, and is located at the Taoyuan Longtan ultra-high voltage substation. Fluence provided the BESS units while Taiwan-headquartered industrial and electrical conglomerate TECO Electric & Machinery Co. (TECO) was the local partner for the project.

What is the largest Bess project by TPC?

Fluence said this is the largest BESS project by TPC so far and is part of its initiative to implement 1,000MWh of energy storage on its grid by 2025. In the next few years, Taiwan will deploy a large amount of offshore wind power, and energy storage will play a critical role in integrating intermittent generation into the grid.
