## Overview

---

Who is Tunisie Telecom?

Tunisie Telecom is Tunisia's leading provider of international internet connectivity. The company manages three sub-sea cables; one of them, a 112-mile fiber-optic cable, is owned and operated by Tunisie Telecom and connects the city of Kelibia in Tunisia with the Italian city of Mazara.

Who owns a sub-sea cable in Tunisia?

The company manages three sub-sea cables; one of them, a 112-mile fiber-optic cable, is owned and operated by Tunisie Telecom and connects the city of Kelibia in Tunisia with the Italian city of Mazara. In 2014, private telecom operators Ooredoo and Orange Tunisie started operating their own sub-sea cable.

Who controls the mobile services market in Tunisia?

Four major operators control the mobile services market. Tunisia's largest telecom company is Ooredoo (Orascom Telecom Tunisia). In 2022, Tunisie Telecom had 39.7% of the market, Ooredoo 37.4%, and Orange Tunisie 22.9%. Lycamobile had an insignificant market share.

Does Tunisia have a cellular network?

Tunisia meets its WTO telecom service sector commitments and provides full market access and national treatment for foreign telecom service providers. The cellular market opened to foreign competition in the early 2000s; however, no U.S. carrier has actively sought cellular network licenses from the GOT.

Who owns a Tunisian IT infrastructure operator?

In December 2017, the GOT awarded the first license for an IT infrastructure operator to the consortium Level 4, which was formed by the state-run Tunisian Internet Agency, EO Datacenter (Tunisian data center company), and

Iskaya (Turkish telecommunication service provider).

How can Tunisia improve Internet connectivity?

Stimulated by the Digital Tunisia 2020 program, a five-year national ICT development plan from 2016 to 2020, several regulatory measures and infrastructure projects have been undertaken to improve internet connectivity all over Tunisia. Tunisie Telecom is Tunisia's leading provider of international internet connectivity.
