

## **Tunisia mobile power box**

## Overview

---

Do I need a power adapter in Tunisia?

The standard voltage in Tunisia is 230V, and the frequency is 50Hz. Devices from countries with different voltage standards, like the United States (120V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Tunisia?

Whether you'll need a power adapter depends on the type of plug your devices use.

What type of plug does Tunisia use?

Tunisia uses two different plug types: C and E. Plug type C is the standard European plug with two round pins. Plug type E is similar to type C but with two additional earth clips on the side. While both types are used, type C is more common. The standard voltage in Tunisia is 230 volts and the frequency is 50 Hz.

Do I need a power converter in Tunisia?

Therefore, whether or not you need a power converter in Tunisia depends on the voltage and frequency requirements of your electronic devices. If your electronic devices are designed to operate on 230 volts and 50 Hz, then you will not need a power converter.

Do I need a camera adapter in Tunisia?

Many European countries use the same Type C and Type E outlets as Tunisia. If you're traveling from countries like Germany, France, Italy, or Spain, you likely won't need an adapter. However, it's always good to double-check your device's plug type. Keep your camera ready to capture the sights at the Medina of Tunis or the vibrant markets of Sfax.
