

Türkiye customized lithium battery pack

Overview

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

Can lithium ion batteries be recycled?

The demand for lithium ion batteries has been increasing lately. Our batteries can be recycled easily and with very little of a hassle. After supporting 6000+ projects, we're sure that we can do the hassle-free solution and service for you. Not only to protect your investment, but also our advanced BMS will make your battery more efficient.

Which lithium ion battery should I Choose?

Build Now! We only use the best quality lithium cells. They offer more energy and ensure that your device lasts as long as it should. If you need the batteries that needs to be charged really fast, this is your best choice. Grade A cells allow rapid charging. The demand for lithium ion batteries has been increasing lately.
