In collaboration with the Ministry of Energy and Infrastructure (Mol), Etihad Water and Electricity (EtihadWE) has introduced the Distributed Solar System (DSS) project, enabling Northern ...

[Solar power in the United Arab Emirates](#)

While being a major oil producing country, the United Arab Emirates (UAE) has taken steps to introduce solar power on a large scale. However, solar power still accounts for a small share of energy production in the country. The country was the 6th top carbon dioxide emitter per capita in the world in 2009, with 40.31 tonnes, but is planning to generate half of its electrical energy by 2050 from s...
