

Ukrainian telecommunications base station photovoltaic bidding

Overview

How many base stations are there in Ukraine?

"We've had more than 10 percent of our sites completely or partially destroyed," explains Sasha Ananyev, head of the network operation department at Vodafone Ukraine. That's roughly 1,400 base stations, and does not include base stations located in Donetsk and Luhansk, areas that have been occupied by Russia since 2014.

What percentage of Ukraine's base stations have been destroyed?

His view was shared by another Ukrainian telecoms provider, Lifecell, which also reported around 10 percent of its base stations being destroyed at its peak, at around 900 sites.

How much damage has Russia done to Ukraine's ICT infrastructure?

Since Russia's unprovoked invasion of Ukraine began in February 2022, CSIS (Center for Strategic and International Studies) estimates that Ukraine's ICT infrastructure has been hit by more than \$2 billion worth of damage.
