

What brands of battery cabinets are available in New Zealand

Overview

Why should you choose hazero battery storage cabinets?

At Hazero, we specialise in keeping Kiwis safer at work, and Lithium-ion battery storage has been high on our agenda. Our range of NZ designed and assembled storage cabinets are designed to protect your workplace and minimise the risk of faulty lithium-ion batteries igniting and causing serious damage to premises, equipment and people!.

What is a lithium ion battery cabinet?

For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire. Extra space inside gives more storage options for larger batteries (think scooters, e-bikes etc) as well as the charging equ.

Why should you choose a lithium-ion battery cabinet?

Whether from impact, overcharging, or internal fault, even small battery packs can pose a significant hazard — especially when stored in bulk. Our Lithium-ion Battery Cabinets are designed to minimise this risk through controlled, ventilated and secure containment.

How can hazero protect your business from lithium-ion battery fires?

Protect your business from lithium-ion battery fires with Hazero's NZ-designed safety cabinets. Fire-resistant, lockable, and customisable for charging and safe storage.

Where can I store lithium-ion batteries?

Store lithium-ion batteries safely with our fire-resistant, AS/NZS 5139-compliant cabinets – perfect for NZ worksites, warehouses & workshops.

What are hazero lithium-ion safety cabinets?

Hazero Lithium-ion Safety Cabinets help keep batteries isolated and safe - providing time to clear the building and call 111 before lives are at serious risk, if the worst happens. 1. Double-Walled Steel Construction - Slows heat transfer, containing flames. 2. Self-Closing, Lockable Doors - Seals risks inside, keeping staff safe. 3.
