

Will the price of photovoltaic modules continue to fall

Overview

How much does a photovoltaic module cost?

Mainstream Modules: Average price of €0.11/Wp, stable compared to September but 21.4% lower than January 2024. Low-Cost Modules: Average price of €0.065/Wp, a 7.1% decrease from September and 27.8% from January 2024. These trends are exerting mounting pressure on the photovoltaic sector.

Why are photovoltaic modules falling in 2024?

Prices for photovoltaic modules in 2024 continue to fall. According to the monthly index published by Germany's pvXchange Trading, the downward trend persists, driven largely—if not entirely—by Asian overproduction. The index focuses on the European market, which pvXchange has been monitoring since 2009 with a unique pricing tool.

How much does a photovoltaic panel cost?

Mainstream Photovoltaic Panels: Average price of €0.10/Wp, down 9.1% month-on-month. Low-Cost Photovoltaic Modules: Average price of €0.060/Wp, a decrease of 7.7% compared to the previous month. These figures underscore the significant pressures in the photovoltaic market, as price reductions strain margins to unprecedented levels.

Will the wholesale cost of solar modules halve again by 2040?

This week, new research predicts that the wholesale cost of solar modules will halve again by 2040.

Will solar module prices change in 2025?

As of January 2025, solar module prices have remained relatively stable across all categories, including ultra-high-efficiency products and other module classes. While there have been minor price increases in the two lower categories—partially due to the updated classification—the overall market has

yet to see significant price changes.

Will the price of solar panels drop in November 2024?

In November 2024, the price of solar panels saw another significant drop, continuing the annual trend. However, analysts at pvXchange Trading believe this trend might not persist much longer. According to engineer Martin Schachinger, “ The sharp price drop in November could be the last of its kind for now.

Will the price of photovoltaic modules continue to fall

[The fall in the prices of photovoltaic modules does not stop](#)

Want to know details of The fall in the prices of photovoltaic modules does not stop ? Leading supplier - Shenzhen Ahony Power Co.,Ltd will share knowledge of solar module price, glass ...

[Finally no roll price? Photovoltaic Industry Association released...](#)

In the face of the continued irrational decline in PV module prices, the China Photovoltaic Industry Association gave a "reference price" for module costs in October 2024: ...
